

I am opposed to the service expansion of the LPFM stations, as these new LPFM stations would take priority over K-love's current FM translator service.

As a Southern California resident, there is very little wholesome radio programming that we residents have access to. Most stations either provide information about the latest murders or gang shootings or discuss inappropriate adult subject matter. In contrast, K-love provides wholesome music and messages that can be enjoyed by our entire family.

If K-love were to be displaced by an LPFM broadcaster, this would be a great tragedy for our community. This act would eliminate the means through which K-love inspires people to perform their best, not only for themselves, but for their community at large.

Keeping K-Love's transmission available to the community is vital, as their programming serves the public's interest. Their moral teaching and wholesome music provide encouragement, 24-hours a day, 7-days a week. The positive broadcast that K-love provides is one of the few available today. Yet it is essential to the public so that family-oriented, out-reach driven communities can be developed and maintained.

K-love needs to remain a priority through out the FM air waves, because K-love helps to strengthen America. So, I say "No" to allowing LPFM expansion, and "Yes" maintaining K-love's current FM broadcast and the strength it provides to us all.
